The prior art of record does not teach or fairly suggest the claimed invention; for example, the prior art does not teach or fairly suggest the combination of feeding the indefinite length suture to a drawing axis as claimed, heating a predetermined small length of the suture as claimed, gripping the indefinite length suture and alternately drawing it along the drawing axis by first and second gripping means as claimed, cutting the indefinite length suture as claimed, and providing a predetermined long length of suture travel between the heating step and the cutting step as claimed to cool the suture material prior to cutting.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
